

A

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Group 2</p> 
-------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------

$$\underline{4} + \underline{5} = \underline{9}$$

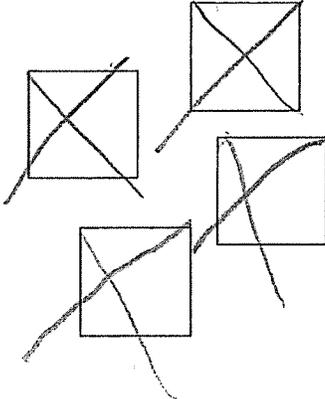

<p>Card I chose</p> 	<p>Group 2</p> 
---------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------

$$\underline{5} + \underline{6} = \underline{11}$$

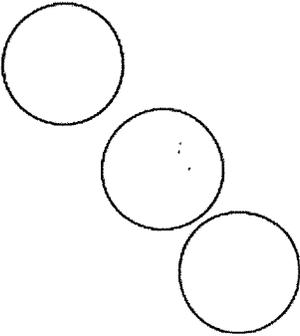

B**Count on from the mystery number!**

Name: _____

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

Card I chose	Add
	

$$\underline{1} + \underline{4} = \underline{5}$$

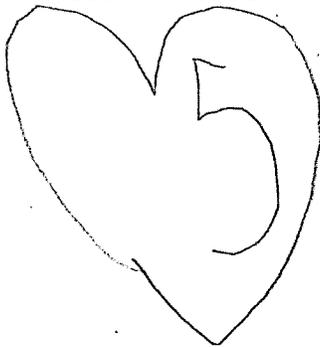

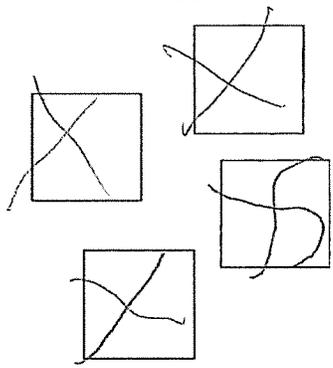

Card I chose	Add
	

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

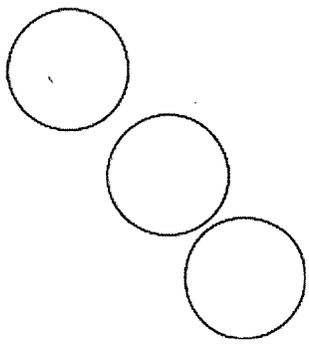

Count on from the mystery number!

Name: ~~XXXXXXXXXX~~ C

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

5 + 4 = 9

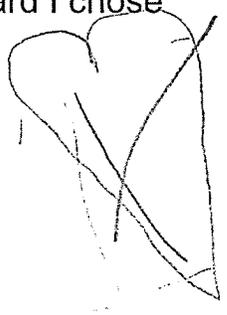

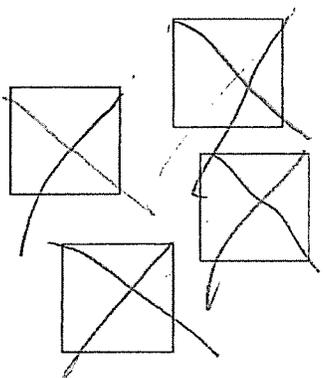

<p>Card I chose</p> 	<p>Add</p> 
---------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

4 + 3 = 7

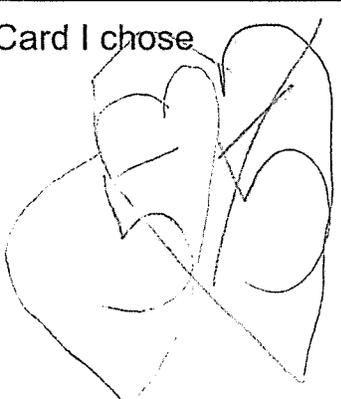

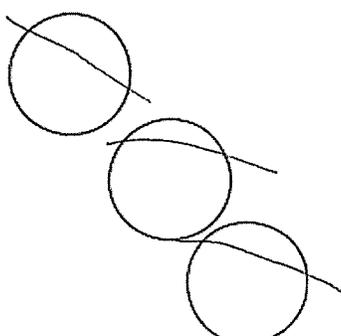

Count on from the mystery number!

Name: D

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

$$\underline{1} + \underline{4} = \underline{5}$$

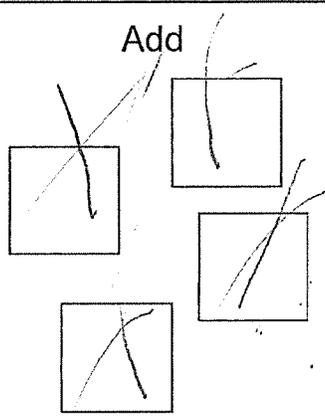

<p>Card I chose</p> 	<p>Add</p> 
---------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

$$\underline{5} + \underline{3} = \underline{8}$$

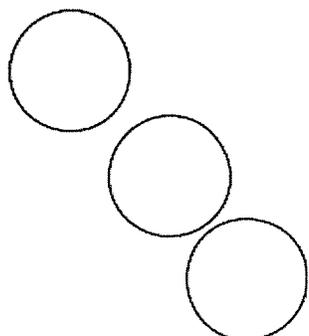

Count on from the mystery number!

Name: Nikolas

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

$$\underline{5} + \underline{4} = \underline{9}$$

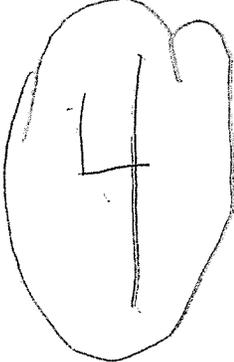

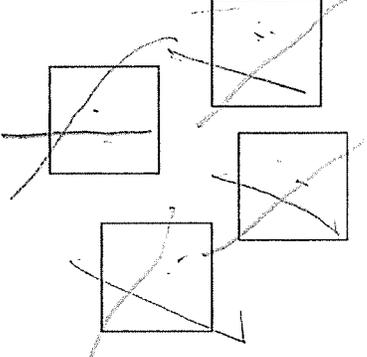

<p>Card I chose</p>	<p>Add</p> 
---------------------	-------------------------------------------------------------------------------------------------

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

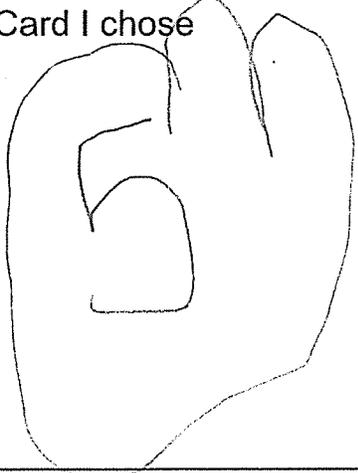

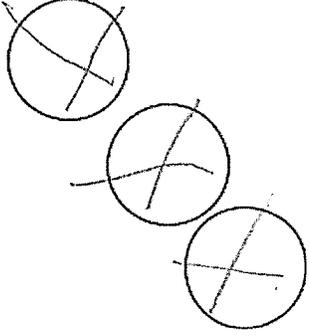

Count/on from the mystery number!

Name: Isabella ~~XXXXXXXXXX~~

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

$$\underline{4} + \underline{5} = \underline{9}$$

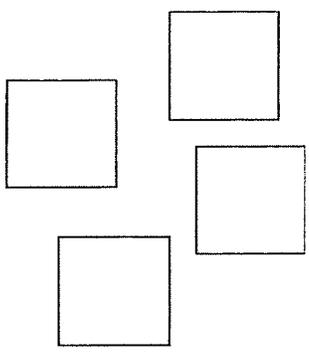

<p>Card I chose</p> 	<p>Add</p> 
---------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

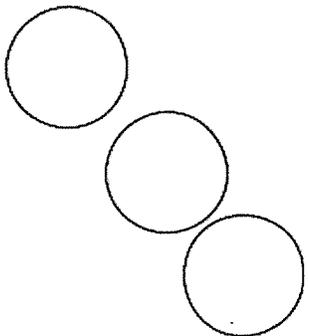

Count on from the mystery number!

Name: **6**

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

Card I chose	Add

Count on from the mystery number!
 Name: Amya ~~XXXXXXXXXX~~

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

$$\underline{5} + \underline{4} = \underline{9}$$

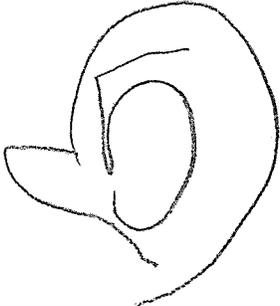

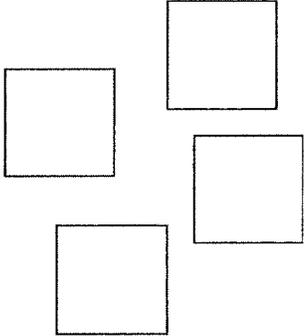

<p>Card I chose</p> 	<p>Add</p> 
---------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

$$\underline{2} + \underline{3} = \underline{5}$$

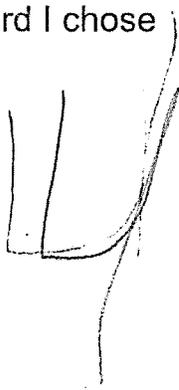

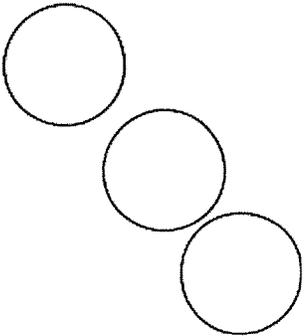

Count on from the mystery number!

Name: F _____

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

_____ + _____ = _____

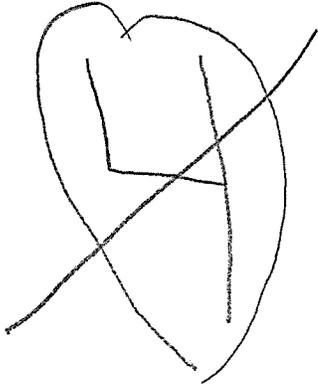

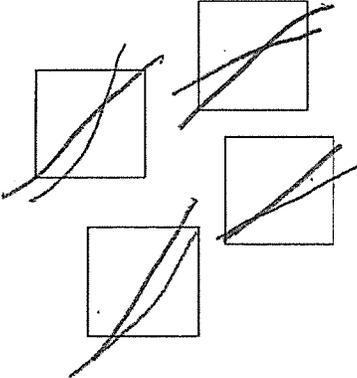

<p>Card I chose</p> 	<p>Add</p> 
---------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

_____ + _____ = _____

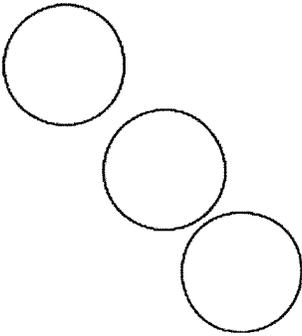

Count on from the mystery number!

Name: G

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

<p>Card I chose</p> 	<p>Add</p> 
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

$$\underline{4} + \underline{4} = \underline{8}$$

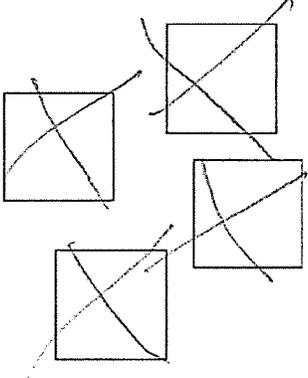

<p>Card I chose</p>	<p>Add</p> 
---------------------	-------------------------------------------------------------------------------------------------

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

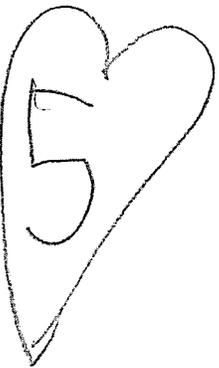

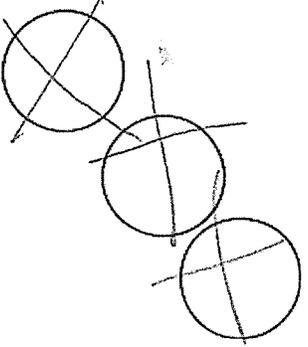

Count on from the mystery number!

Name: H

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

Card I chose	Add
	

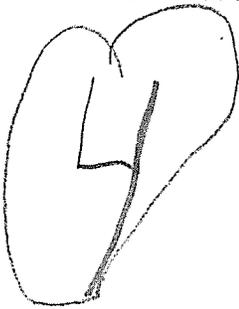

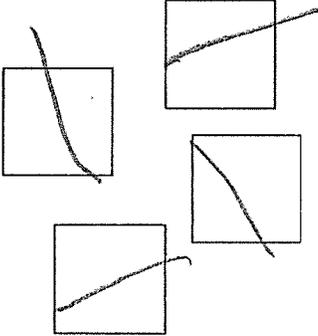

$$\underline{3} \quad + \quad \underline{4} \quad = \quad \underline{7}$$

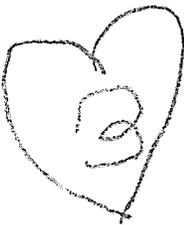

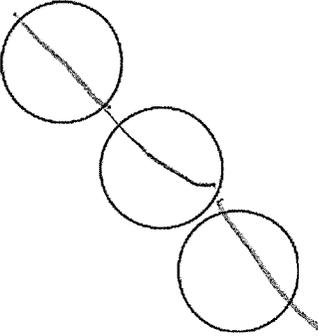

Card I chose	Add
	

$$\underline{5} \quad + \quad \underline{3} \quad = \quad \underline{8}$$

Count on from the mystery number!
 Name: I

Pick a card. Write it in the first box. Then add the value to that card. Try counting on!

Card I chose 	Add 
$\underline{4} + \underline{4} = \underline{8}$	

Card I chose 	Add 
$\underline{\quad} + \underline{\quad} = \underline{\quad}$
